

You're Still the One
Message by Chris Stovall
Sunday, April 18, 2021

1. Describe Connect by answering this question individually and then sharing your answers with your group: My church is:
2. Now after hearing each other's responses ask two questions: Is my church worth inviting others to and is my church important to our community?
3. Chris spoke about the number of people over the last many years who are checking out of the church. What do you think are reasons why people are checking out of churches?
4. What can Connect do to get people to check out our church?
5. Based on the prior four questions what do we think Connect needs to change to be more relevant as a church?

Read Matthew 16:17-18

Chris said the local church is very important because Jesus said it was. The church matters! Talk about this.

Read Ephesians 3:1-12

Chris said the local church works to redeem all of mankind throughout time; our single purpose! That kind of church matters. Are we that kind of church?

Read Ephesians chapter 3:20- 24

Chris said when it comes to the church we must build a legacy. What kind of legacy should Connect be building?

The church is the chosen agent of God to reveal that God is wanting to redeem the world through the church. Is Connect that church?
